

KIDS 'N DANCE 'N THEATER ARTS

An imaginative, fun approach to dancing!

Hip Hop

Sept. 11-Dec 18 (no class Oct. 9, 23, Nov. 27) (12 weeks)

Dance like Usher, Justin Timberlake, Ciarra!! Hip Hop is a form that evolved out of street and brake dancing moves, and is characterized by its vigorous athletics and bouncy style. Each weekly class consists of Hip Hop warm-ups, body isolations, alignment, and fast footwork. Learn the basic street moves with the fun and energetic type of dance seen in music videos and commercials. Dancers will get a workout and learn how to create their own dances. This class uses traditional "clean" Hip Hop and pop music. There will be a presentation the last day of class.
