

A STITCH IN TIME

Kids introduction to basic sewing

With assistance from instructor kids will learn fundamentals of hand sewing, and basic sewing principals. Unleashing their imaginations they will create an apron as a gift item for a parent.

This class will allow 3rd through 5th grade students to focus on:

- Dexterity, learning basic hand stitches
- Coordination using fabric and trims to create a unique apron representing the student's own personality
- Reading comprehension having to follow written instructions and diagrams
- Socialization skills having to share honest feedback about their garments,
- Written instructions, diagrams, embellishments and fabrics will be included in class.
