Portrait Day Plan

2020

FROM YOUR

MUGSYCLICKS

PHOTO TEAM

THE PLAN

TIMELESS PORTRAITS

**Our 2020 Portrait Plan
lets us to capture the
same unforgettable photos
you've come to expect
from us, all in a redesigned
safety-first process.**

THE PLAN

DISTANCING

We use telescope lenses to capture smiles from a distance.

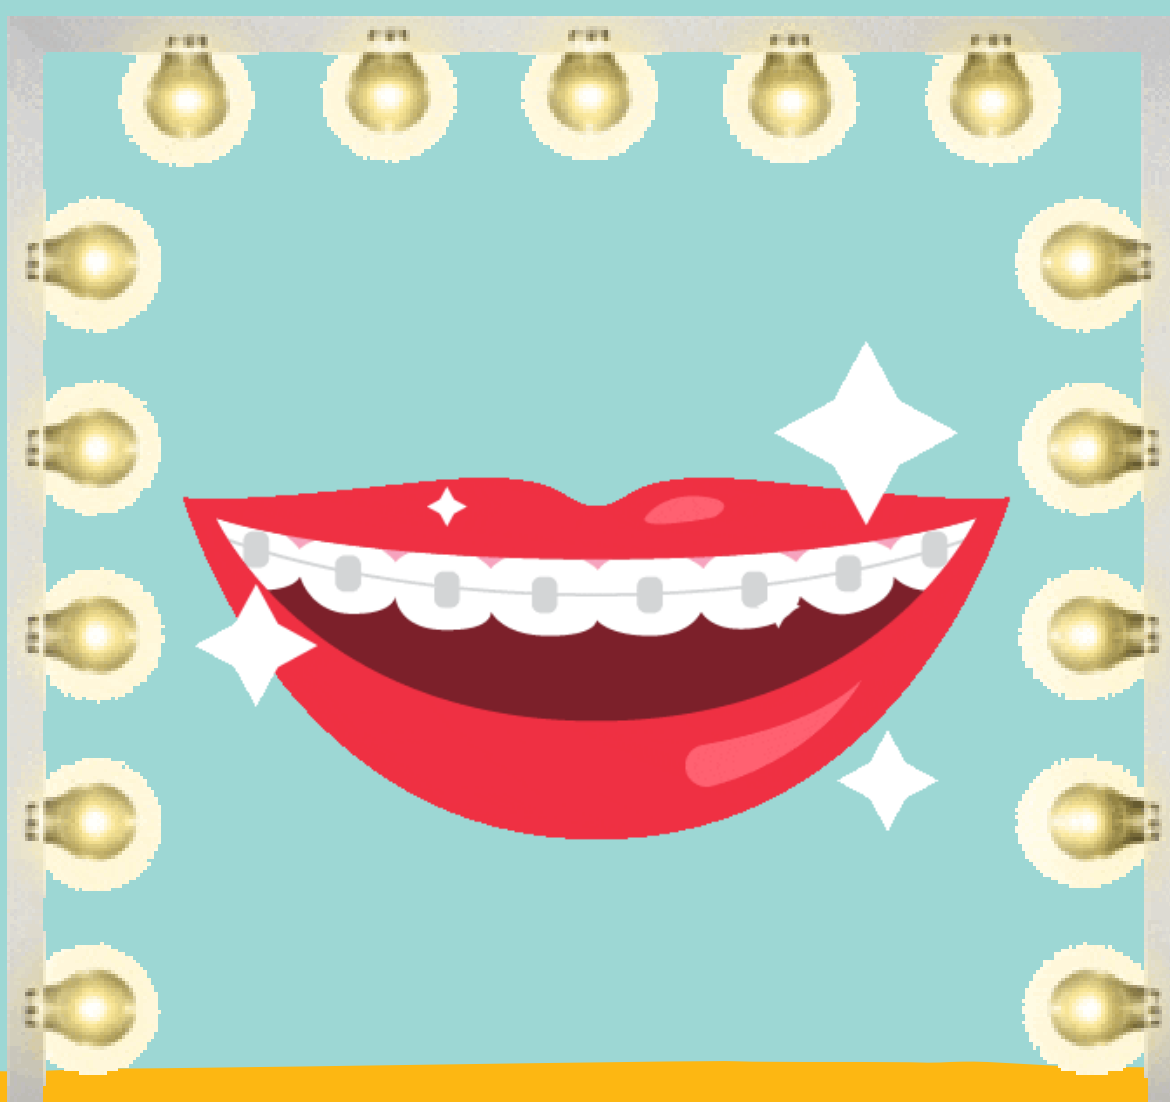

We stay 6-13 ft away, wearing face coverings in an open-air setting.

THE PLAN

STUDENT SELF-PREP

We'll have a self-prep area where students can sanitize, do their hair and straighten their clothing with touch-free guidance.

THE PLAN

SANITIZE & REPEAT

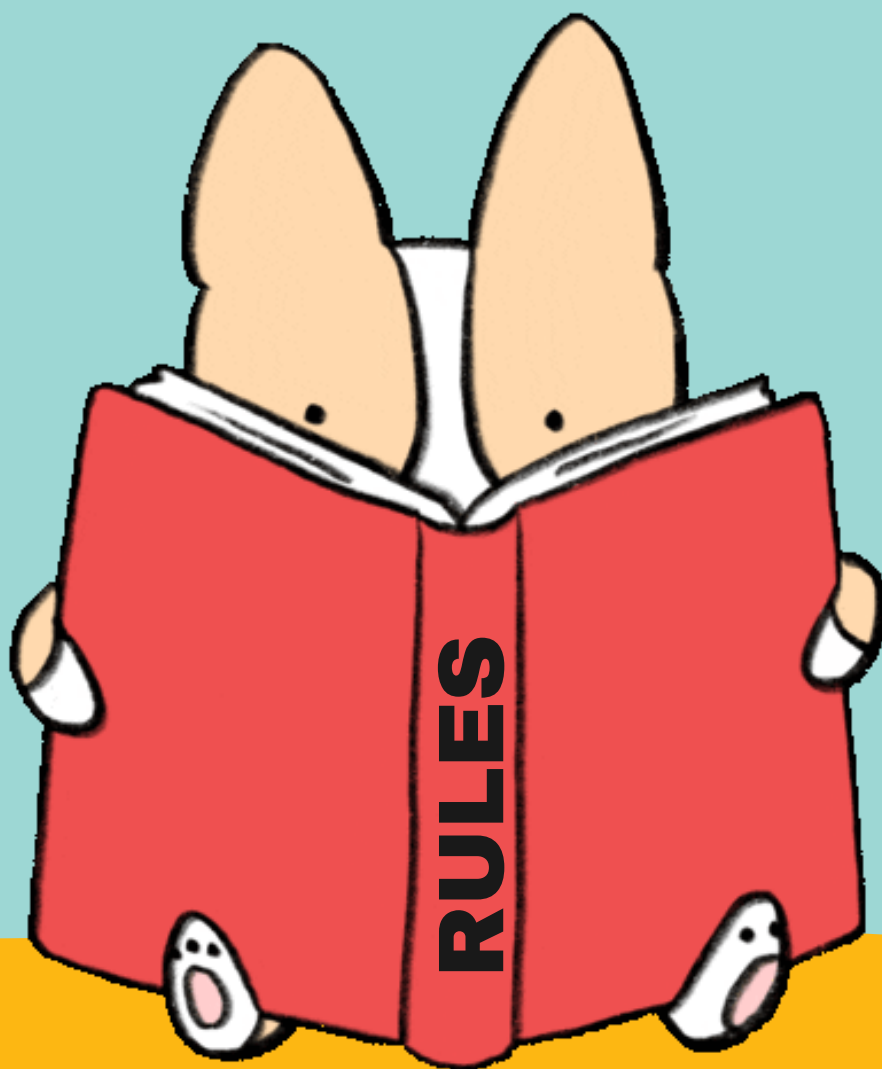

All common areas will be sanitized by a member of the photo team after each use.

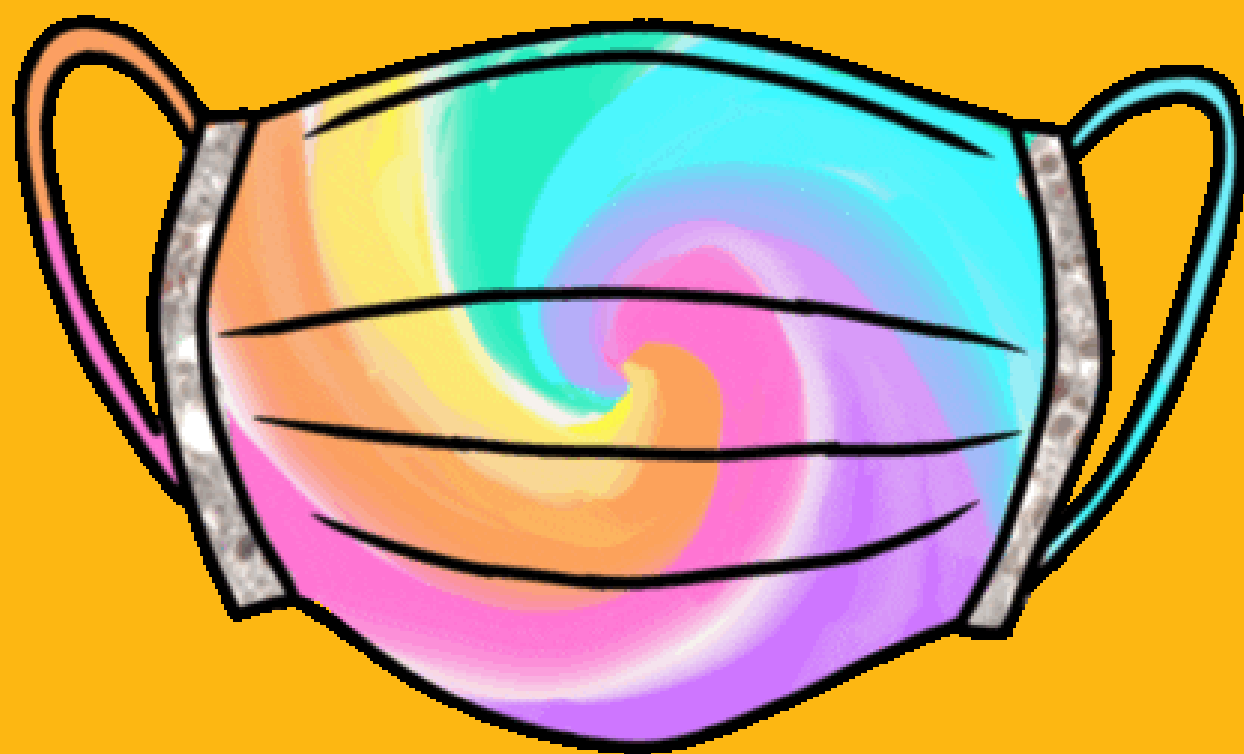

THE PLAN

IN-SYNC WITH YOUR SCHOOL

Consult with your school administrators to follow any additional protocol and precautions they have in place. Contact your school for details.

**Don't take off your mask
until the photographer
asks you to smile!**

**Keep it in your hands.
Don't put it down!**
